COMMISSION LOCAL MEN

Alexandria Students at Fort Myer Make Good—Qualify For High Ranks.

Alexandrians will learn with gratification of the names of Alexandrians at the Fort Myer reserve officers training camp who have been officially notified that they have been commissioned in the different ranks of captain and first and second lieutenants in the officers' reserve corps. The men commissioned will, in most cases, be assigned to duty with the new national drafted army.

Not only is Alexandria proud of the fact that so many of its student officers in training for the past three months in the Forty Myer received commissions but also of the ranks qualified for. As will be seen by the list which is published below, Alexandria has placed three captains, two first and four second lieutenants in the service from the training camp.

In addition it must be remembered that several Alexandrians have already been commissioned during their stay at Fort Myer, and were ordered elsewhere for duty. Among these were Wallace Fawcett, captain engineering section, officers' reserve corps, and Eugene Lindsey, first lieutenant, and Charles J. Deahl, jr., second lieutenant, infantry.

Awards of commissions will be made Monday afternoon at the camp when a program of inspiring and patriotic graduation exercises will be staged, which will be viewed by the highest representatives of the military and diplomatic service of this country and of our allies. It is expected that a large crowd of persons from this city will be present at the exercises

Furloughs of twelve days will be granted all the men in the camp beginning Tuesday, when the present camp breaks up and Fort Myer will prepare itself for the reception of the second contingent of student officers. The Alexandrians have earned their rest, for they have been through three months of the most intensive war preparations ever seen in this country. Everyone is bronzed and "hard as nails." Not one has an ounce of superfluous flesh and all are in the best possible physical condition. Hard physical labor and mental exercise over the different problems in tactics, field maneuvers, problems of artillery and infantry attacks. In short, physical, mental, and moral discipline have made out of the men thus trained the finest set of officers that could be assembled.

The names of the Alexandrians, and Alexandria countians who are to have commissions awarded them at Monday afternoon's exercises are:

Captain, infantry, officers' reserve corps—Jaes S. Douglas, jr., Alfred L. Uhler, and Stanley G. Blanton, Alexandria.

First lieutenant, infantry, Frank L. Slaymaker.

Second Lieutenant, infantry—Horace W. Hall, Clarendon.

Second lieutenant, infantry, national army—Arthur S. Woodland, Clarendon.

First lieutenant, field artillery, officers' reserve corps—James W. Roberts, Alexandria.

Second lieutenant, cavalry section, officers' reserve corps—John P. Scott.

Second lieutenant, field artillery, officers reserve corps—Charles Keith Carlin and Tilghman H. Sharp.

Second lieutenant, quartermaster's corps, national army—French C. Simpson.

Coal for Railroads.

Washinton, Aug. 11.—It took 136,000,000 tons of bituminous coal, or over one fourth of the total production of the mines, to transport freight and passengers on the railroads of the United States in 1916. This was an increase of 14,000,000 tons over the amount consumed in 1915, or 11.5 per cent. The combined bituminous and anthracite used by the railroads was 142,735,000 tons.

These figures are contained in a report just made public by the United States Geological Survey and illustrate the enormous quantity of coal necessary to keep the railroads running.

Before the great war the total annual expenditures of the United States were between $700,000,000 and $800,000,000. This year they will reach soething like $10,000,000,000.

GIVES POLICE NEW LEAD

Mr. Brandon's Sister Says Next-Door Neighbor Paid Undue Attention to Slain Woman.

Annapolis, Md., Aug. 11.—Suspected of having information of the murder of Mrs. Lottie May Haislup Brandon, wife of Valentine Brandon, a stenographer in the employ of the United States Experimental Station here, Thomas A. King, a Government employe at the Naval Academy, and his wife were brought last night to the Courthouse to be questioned by Sheriff Sullivan and Detectives Kratz and Pohler, from Baltimore.

King and his wife live in the house adjoining the home of Brandon. The detectives have learned that King arrived at Annapolis on July 16 and leased the cottage. The detectives say that he frequented the Brandon house during the husband's absence and that he and his wife talked with Mrs. Brandon on the morning of her death.

It was through information given by a sister of Mrs. Brandon that the detectives and Sheriff Sullivan summoned Mr. and Mrs. King, who since the murder have been living at the home of C. A. Friemel, a merchant here. The child made the statement that while on a visit to her sister's home she noticed that King was paying undue attention to Mrs. Brandon during the absence of her husband.

Mrs. Friemel made the statement Thursday that she had been told by Mrs. Brandon that she had a lover in Washington and that she kept a picture of him hidden from her husband. It was suspected that the lover had committed the murder.

King, after being questioned for several hours, was released. He told Sheriff Sullivan and Detectives Kratz and Pohler that he knew the woman only through their meeting as he entered his home. Although not held by the authorities, King is being kept under surveilance. The detectives attempted and attempted to make him change his statement, but he stood steadfast to the story that he knew Mrs. Brandon only slightly and that he was not in her home on the day of the murder.

Mrs. King also was questioned for more than an hour. She is an artist and came here last Monday, two days before the murder of Mrs. Brandon. She stated to the detectives that on Wednesday morning she and her husband talked with Mrs. Brandon until 8.20 o'clock, following their breakfast. Mrs. Brandon appeared, she said, in good spirits. She and her husband told the police that they heard no outcry on the day of the murder.

Both Pohler and Kratz intimated that they felt there was a possibility that Mrs. Brandon had been seized while at the refrigerator in the kitchen of her home with a fainting spell, that she fell, breaking the door of the refrigerator, and that she struggled and fought her way to the adjoining bedroom.

Detective Kratz expressed the opinion from information he had received that Mrs. Brandon, who was about to become a mother, might have collapsed in the kitchen, struck her head, causing the three lacerations, and after reaching the bed seized her throat with her fingers while dying. Kratz said that would account for the marks on her neck.

Neighbors say they saw no person in the neighborhood on the day of the murder who could be suspected of entering the home of Mrs. Brandon.

FOOD SHORTAGE IN GERMANY

Soldiers Are Warned Not to Waste the Smallest Particle.

London, Aug. 11.—Reuter's correspondent at British headquarters reports that an order issued to the group of armies of Crown Prince Rupprecht has been found, which reads:

"The fact that economy in bread cereals has been taken into consideration makes it necessary to sanction an increased ration only where it is really needful. Officers are required to explain again to their subordinates the serious nature of the economic stuation in Germany and gives instructions that the strictest economy mus be exercised with regard to all supplies. Nothing must be consumed beyond that which is really necessary, and not the smallest particle must be wasted."

Alexandria City and Suburbs

Dr. Roy B. Harrell, of Winston-Salem, N. C., was the week-end guest of Mr. William Topping, at his home in Queen street.

Mrs. W. T. Roberson and Miss Ruth Rcbertson have returned to their home in Lynchburg, Va., after spending the week-end at the home of Mrs. Judith Topping in Queen street.

Mrs. Nellie Belew, of Del Ray, wife of Mr. M. W. Belew, who was operated on by Dr. S. B. Moore, at the Alexandria Hospital, is getting along fine and will return to her home tomorrow.

Colonel McCloskey, who is in command of the artillery regiment encamped at St. Asaph, gave an address at the entertainment held at the Westminster Building last night for the soldiers which is spoken of in the highest terms by those who were present. His references to the soldier boys and their welfare was of especial interest to those who have been endeavoring to provide entertainment for them during their sojourn in the vicinity of Alexandria. Another fact which was learned with much satisfaction was the excellent order that is maintained in the camps on the Sabbath day, and particularly in regard to the rendering of music by the band stationed at St. Asaph. Plenty of the "ragtime" variety may be heard there during the week days, but on Sunday sacred music is the order and many of the hymns which the men had been accustomed to hear at home and in church are also given for their benefit at the camp. Among other numbers on the program last night were solos and recitations by several of the men in khaki.

TEACHERS ELECTED.

Adjourned Meeting of the School Board Last Night.

An adjourned meeting of the City School Board was held last night. There were present: Chairman Bradshaw and Messrs. Perry, Lunt, Monroe, Pierce, Howard, Colvin and Thompson, and Superintendent Sweeney.

In the absence of Mr. Cox, the Clerk, Superintendent Sweeney acted in that capacity.

The meeting was held for the purpose of filling vacancies among the teachers.

Miss Ruby Reeves, of South Boston, Va., was put in nomination by the committees on candidates, and she was elected by a unanimous vote. Miss Nannie Burnley, of Jeffersonton, Rappahannock county, was subsequently nominated. She, too, was elected by a unanimous vote.

Misses Nettie Chauncey and Ruth Deahl were elected substitute teachers.

SOLDIERS FIGHT ON TRAIN.

Combattants Leave Cars at Hume's Where They Continue the Mix-up.

A number of soldiers stationed in Alexandria county, near this city, who had been paid off yesterday, made a visit to Washington later, where they managed to secure "refreshments." Most of the party boarded the 12:30 train out of Washington, when they became disorderly and subsequently engaged in a general fight. They continued their disorderly proceedings until the train reached Hume's station, where the belligerents disembraked, to the relief of their fellow-passengers, and renewed the fight. The train was about twenty minutes late in reaching this city on account of the trouble, as it was stopped several times for the purpose of putting the soldiers off. They did not leave the cars, however, until the train reached Hume.

NEGROES RETURN TO SOUTH.

Several Hundred Back in Alabama And Others Preparing to Follow Them.

Birmingham, Ala., Aug. 11.—Several hundred negroes, many of whom were formerly employed in the coal mines in this section, have returned to the Birmingham district, and others are coming as quickly as transportation can be arranged. Dissatisfaction in their new places, ill treatment and anxiety to return to Alabama are given by the negroes as reasons for the wholesale reflux.

Mr. A. Herbert and family left today for Cape May, New Jersey.

Miss Louise Adams, of Rosemont, has gone to Louisville, Ky., where she is a guest in the home of Professor and Mrs. L. C. Gardner.

Charles E. Pierpoint will speak at the Laymen's League open air services at Windmill Hill at 5 o'clock tomorrow afternoon. The blue song books will be used.

There will be an open air service conducted by Evangelist F. E. Gibson at Windmill Hill tomorrow evening from seven to eight o'clock. All are cordially invited to attend and take their blue song books.

Dorcas, aged five years, daughter of George C. West, of Mount Ida, who died Thursday night, was buried this afternoon at 3 o'clock from the home. Rev. E. V. Regester officiated and the interment was in the Presbyterian cemetery.

The pulpit at the Methodist Protestant Church will be supplied tomorrow in the absence of the regular pastor by Rev. G. M. Lester Ballard of Washington at eleven o'clock in the morning and also at the evening service. Sunday school will be held at 9:30 in the morning and the Christian Endeavor Society will meet at 7:30 p. m.

"Sowing and Reaping," will be the subject of the sermon of Rev. J. W. Jackson, pastor of Roberts' Chapel, at 11 o'clock tomorrow morning. In the evening he will preach on "The Delusion of Hearing Without Doing." The fourth Sunday of this month closes the rally at that church when it is hoped that the balance of money due for the repairing of the church may be raised.

ACCIDENT TO BICYCLIST.

Boy Knocked From Wheel at Entrance to Diagonal Road on Upper King Street.

Cooper Horton, about fifteen years of age, had a narrow escape from serious injury at the entrance to the Diagonal Road, on upper King street yesterday morning. He was riding a bicycle when an ice wagon and a furniture wagon appeared in front of him. The boy failed to see the furniture wagon. In endeavoring to steer clear of the ice wagon young Horton struck the hind wheel of the vehicle and was thrown to the ground. His right arm was cut and bruised, as was also his shoulder and right ear. Officer Thompson soon appeared on the scene and conveyed the boy to the Alexandria Hospital, where it was found his injuries were not serious.

Lorenzo Evans and C. B. Cephas, both colored, who were in charge of the ice wagon, were summoned to the Police Court this morning, but there was no evidence to show that they violated the traffic law, and they were dismissed.

The interest in their welfare shown by the ladies of Rosemont keeping their clothing in repair, and buttons in place, the entertainments arranged for their enjoyment, the reading matter and other acts of courtesy shown them have been deeply appreciated, and they take this opportunity to thank their many friends in Alexandria for the generous hospitality accorded them during their encampment here.

Miss Cora Cochran left today for Charlottesville.

Miss Ruth F. Watkins is the guest of the Misses Walker, at Culpeper, Virginia.

Mrs. R. W. Herfurth has left for Brooklyn, New York, for a two weeks' visit to her mother.

Mr. and Mrs. P. C. Dukes, of Branchville, S. C., are guests at the residence of Mr. and Mrs. James Peverill on north Columbus street.

Mrs. M. R. Wilkins and little daughter are spending the month of August with Mr. and Mrs. Y. B. Powers at Catletts, Va.

Dr. and Mrs. Charles P. Lindsey have returned from their outing in the Valley of the Virginia. Their trip was cut short owing to an accident to Mrs. Lindsey by which her uncle was severely injured.

The dance to be given this evening at 8:30 o'clock at the Old Dominion Boat Club house at the foot of Duke street by the members of the ladies' auxiliary will, it is expected, be the last for the season. Tonight's affair, it is hoped, will eclipse any one of the series, and the largest crowd of the season is expected. Numbers of the Fort Myer men who are to graduate Monday will be present.

At a meeting last night of Virginia Lodge, No. 1076, Loyal Order of Moose, a degree team from Columbia Lodge of Moose of Washington was present to assist in the work. Degrees were conferred on a class of candidates from the local lodge and other business was transacted. Arrangements are being made by the lodge for its fourth annual excursion to Marshall Hall, which will take place next Thursday.

MARKET THIS MORNING.

Abundance of Country Produce Displayed and Prices of Some Articles Showed Weakening.

There was an increased attendance of country people and buyers in market this morning, and prices of most seasonable produce showed a weakening tendency. Eggs and butter, however, were as firm as ever, the former selling at 44 cents per dozen and the latter at 45 cents per pound.

There was a small offering of fruit. Two boxes of blackberries were selling at 25 cents. Peaches were 25 cents per quarter peck, cantaloupes at 8 cents up, and apples 10 cents per quarter eck.

Lima beans had fallen from 40 cents per quart to 25 cents. These prices were prevailing between eight and nine o'clock this morning, and the abundant offerings of this vegetable rendered it probable that this price could not be maintained throughout the day. Prices for other vegetables showed no marked variations from those of last Saturday. They were as follows: Cabbage 5 cents a head up; small tomatoes 5 cents per quarter peck; larger sizes 10 cents; egg plants 5 to 15 each; green corn 25 cents per dozen; potatoes 15 cents per quarter peck; beets three bunches for 10 cents; string beans 8 cents per quarter peck; cucumbers 10 cents per dozen, onions 5 cents per box.

Some honey were on the benches which was selling at 18 cents per box.

At the Picture Theatres.

In the role of Myra, the fascinating heroine of E. Phillips Oppenheim' thrilling story, "The World's Great Snare," at the Richmond tonight, Pauline Frederick is endowed with numerous opportunities to display the charm, magnetism, and emotional power that have made her one of the foremost favorites of the screen. As a cabaret dancer, who smiles gaily upon the world, but whose heart conceals crushing sorrows and despairs, Miss Frederick contributes one of the most powerful and sympathetic characterizations in all filmdom.

Mary Miles Minter has a splendid chance to be just "Lovey Mary" in her new Mutual-American production, "Periwinkle," showing at the Surprise tonight a play by Julian Laothe, from William Farquhar Payson's gripping story of the same title. Miss Minter is provided with a part that brings out all her childlike appeal and permits the exercise of that pervasive fascination, the "Lovey Mary" smile.

NEW UNIFORMS ARRIVE

Company G's "Rookies" to Don New Attire Monday—Other Equipment Awaited by Company.

The new khaki field uniforms for which the "rookie" members of the Alexandria Lght Infantry were recently measured have been received, according to announcement at the armory today, and they will be donned Monday. In addition, an issue of overcoats and other parts of the men's equipment will be made Monday.

Officers of the company are now awaiting the arrival here of a consignment of rifles and bayonets, mess kits, and knives, forks, and spoons which have been shipped to this city from the government arsenal at Watervleit, New York, according to notification received by Captain Conrad Johnson.

The company is now getting its equipment into shape preparatory to the trip to Camp McClellan, Ala. The arrival of the consignment from Watervleit will make the equipment of every member of the company complete. It is expected that orders will be received within a short while to move to Anniston, including routings and other details. The company will probably leave by the end of next week.

Citizens of the city are raising a fund for the purchasing of knapsacks and other things for the use of the guardsmen after they leave this city. Councilman Taylor Burke is in charge of the work of collecting this fund, and it is expected that when definite orders are received regarding Company G's departure the fund will be considerably increased.

TELLS OF SHOE THEFTS.

J. Ballinger Declares Three Cases of Shoes Were Taken From Freight Car in Potomac Yards.

John Ballinger, of Del Ray, the missing witness for the Federal government in its fight to have the Supreme Court of the District of Columbia honor a requisition from the governor of Virginia for Edward Ellison, a junk dealer at Four-and-a half and School streets southwest, Washinton, wanted in Alexandria county on an indictment charging him with being a party to the looting of a freight car in the Potomac yards of the Washington and Southern Railway Company of a case of shoes, was found yesterday afternoon, and brought before Justice Hitz.

Ballinger made what he said was a clean breast of the alleged robbery of the freight car, an instance, Commonwealth Attorney Ball, of the county says, typical of an alleged system of wholesale looting that has been going on in the Potomac yards, despite the vigilance of special officers and the police.

It is claimed that thousands of dollars' worth of property has been taken from the cars, and, if not removed at once, is hidden at places agreed upon, to be removed at times safe and convenient.

The alleged theft in which it is charged Ellison was implicated was committed September 21, 1916.

Ellison swore that he had not been in Virginia in three years.

Prosecutor Arth's contention to the court at the conclusion of the testimony was that under an express ruling of the Supreme Court the requisition in the case should be honored, as plainly there was conflicting testimony as to the presence of the accused in Virginia.

Justice Hitz said he felt strongly against the claim of counsel for Ellison that the requisition should be refused, but would take the case under advisement and give his decision later.

Republican Mass Meeting.

A mass meeting of the Republicans of Alexandria will be held at the Hotel Rammel, August 23d, at 8 p. m., to elect delegates to the Roanoke convention August 30, 1917. JOHN U. SCHWARZMANN, President.

IMPORTANT CONFERENCE

An Effort to be Made to Induce Several Hundred Workmen to Come to Alexandria.

An important conference was held in the Chamber of Commerce rooms in this city yesterday afternoon, which will be followed by another during the early part of next week, and if the plans as outlined are carried out, as it is believed they can be, it will assist very materially in improving the business situation here.

The story in brief is this. The Washington Steel and Ordnance Company, located at Giesboro Point, in the District of Columbia, just across the Potomac river, which is at present doing a business of $2,500,000 a year, and has 2,500 men on its payroll, is urgently in need of more men with which to handle its rapidly increasing business. They want from 500 to 1,000 more, and want homes for them in the city of Alexandria. Forty men from this city are already employed there, who are taken there and back in three motor boats daily. These men average $3 per day which means they are getting, in round numbers, $40,000 per year. If the number of men can be increased to 500 it would put the Alexandria portion of the payroll up to $450,000 per year. It is impossible to house the men in the vicinity of the plant therefore they want to get them located in this city.

Will Alexandria rise to the occasion?

Here is an established industry, backed with abundant capital, located at Alexandria's door. The company ask that Alexandria assist it in securing men, and homes in which they may live comfortably. The company has the work for the men and the cash with which to pay them liberal salaries.

As an evidence of their absolute good faith in the matter, Mr. E. A. Lycette, Superintendent of Employment of the Washington Steel and Ordnance Company, came to this city yesterday afternoon, bringing with him Mr. A. Camminetti, Commissioner General of the Bureau of Labor, Mr. Edwin M. Kline, Director of Employment, and Mrs. Grace Porter Hopkins, Superintendent of the Women's and Girls' Division of the United States Employment Service, of Washington, to discuss the matter and to offer their assistance in helping to secure and bring to Alexandria the necessary labor.

The entire question was gone over. The lists of nearly two hundred houses was shown them, and as a result, a further conference was appointed to be held the first part of next week to take up such details as the providing of a ferryboat service to carry the workmen to and from Alexandria to Giesboro Point.

Mr. Lycette is a regular human dynamo of energy and earnestness, and the splendid success achieved by the Washington Steel and Ordnance Company within the past few years furnishes abundant proof that his associates in the concern are of the same type of clean-cut business men.

In the opinion of the Gazette this is an opportunity that ought to be taken advantage of by the people of Alexandria. Let every one lend a hand. If you have a vacant house, Mr. Property Owner, turn in and help those who are willing to help you find a tenant for it

Governor Henry C. Stuart yesterday accepted an invitation to become a member of the executive board of the National Tax Association, which is composed of the governors of nine States, headed by Governor William D. Stephens, of California.

AFTER USELESS OFFICIALS

That Virginia has too many high-salaried officials with too few duties, is the substance of a statement made yesterday by Richard Evelyn Byrd, former Speaker of the House of Delegates. A scheme for merging several offices and the placing of important work on another official whose present duties are known chiefly because of their lightness, were among the several plans suggested by Mr. Byrd for effecting a large saving and at the the same time facilitating the dispatch of business and increasing the responsibility for the administration of public affairs.

The principal office that Mr. Byrd advocates merging with another is that of the Bureau of Insurance, which, he states, should become a department of the Banking Division of the State Corporation Commission, and the work of which could be done by a few additional clerks. He advocates the placing of the work of the Registrar of the Land Office and the Legislative Reference Bureau under the Secretary of the Commonwealth.

Perhaps the most radical reform suggested by Mr. Byrd is the creation of a "purchasing agent for all eleemosynary institutions. This work he states, could be performed by the Commissioner of State Hospitals, who has few duties, but good pay. Without increasing the pay roll an almost idle official could be given work, which should result in an annual saving of thousands of dollars for the State.

"These reforms if put into effect, as they may be by the next legislature if the people demand them," said Mr. Byrd, "will effect a saving to Virginia of at least $250,000 a year, and will accomplish much more in facilitating the dispatch of business and in increasing the responsibility and publicity attending the administration of State affairs."

GERMANY ON THE RACK.

Bone-breaking, excruciating agony that causes the bulky form of Germany to quiver with intense pain—this is the only suitable simile of the state of the Teutons at the present time, as suggested by a contemporary. Over the form of the writhing colossus on the rack—a colossus that is shrunken and feeble—stands imperious civilization turning the screw that makes the agony every moment greater as it calls upon the guilty nation to recant.

That Germany is upon the rack is shown in a multitude of ways. The vast burden of the war has ground the resources of the people to small dust and their spirits to continual whimperings for peace. Material resources have been almost exhausted, financial expedients have been worked to the limit. Man-power has been extravagantly and barbarously sacrificed until there are only relatively old men and women and children now to be found in Germany outside of the few specialists of under forty-five whose services are imperatively needed at home.

Poorly fed and poorly equipped, many mere youths are subjected to attack beyond possible human endurance, while the German soldiers in Flanders record in their diaries their longing for the English to break through that they may surrender and live. This is the fighting spirit of the Germans contrasted with the pompous and brutish spirit with which the armies of the Kaiser invaded Belgium.

Germany is on the rack, and its military actions are so much noise to drown the cries of agony wrenched from the nation as it suffers the unbearable inflictions of a stern fate and an uncompromising destiny.

PLACES IN THE SUN.

The Syracuse Post-Standard calls attention to the fact that during the five years from 1907 to 1911 the number of emigrants from Germany to the German colonies in Africa was 130.

During the same period the number of German emigrants to German colonies in Asia was one.

During the same period, in spite of the efforts of the government to direct German emigration to German colonies 110,000 Germans came to the United States.

Herr Hohenzollern has pleaded and plotted and pilfered and begged and bulldozed for "a place in the sun" to which he mght send those of his beloved people who were too crowded at home. But when his people have been able to break away from his benevolent rule they have elected with amazing unanimity to get under another flag than his.

POPE APPOINTS NEW AID

Mgr. Tedeschini Is Secretary of State of the Vatican.

New York, Aug. 11.—A cable message from Paris received by the official French bureau of information in this city indicates that Mgr. Frederico Tedeschini, who has been undersecretary of state of the Vatican, has succeeded Cardinal Gasparri as Pope Benedict's prime minister.

The message received by the bureau of information quotes the monsignor as declaring for "a peace of justice." It follows:

"In a conversation which Mgr. Frederico Tedeschini, new secretary of state of the Vatican, had with the Rome correspondent of the A. B. C., a Spanish newspaper, he made the following interesting declaration:

"'Only a Christian peace is desirable, because it will be a peace of justice. Some people have pretended that a Christian peace ought to be a white peace or a peace without result; that is, a peace bringing the world back to the status quo ante.

"'This is not exact. We believe, on the contrary, that there are rights which justice must respect. We cannot believe, for instance, that Catholic Poland will revert to the same state as it was before the war. As Christians, we cannot approve that Palestine should remain under the Turkish yoke.

"'We believe, also, that every one would be satisfied to see Alsace-Lorraine returned to France. We believe finally, that if the Italian provinces, now under Austrian domination would be attributed to Italy, no Christian would oppose it, just as no Christian would declare himself opposed to the unification of Roumania in the East.'"

Fearing she has met with foul play, friends of Miss Dora Sweetman, a trained nurse from Golts, Md., asked the Richmond police yesterday to aid in search for her. Miss Sweetman left her home at 5:40 o'clock yesterday morning to go to the home of Mrs. W. H. Harris, where she had been nursing Mrs. Harris' aged mother for the last nine weeks. When she did not arrive there and inquiry failed to elicit her whereabouts, her friends became alarmed and called on the police for assistance. They said that they were afraid she had been the victim of early morning footpads.

SHARK BITES OFF LEG.

Maneaters Now Invading Long Island Sound in Schools.

Bridgeport, Conn., Aug. 11.—Sharks have invaded Long Island in schools, according to captains of fishing vessels pulling into this port.

Capt. John Wirt, of the sloop Anna A. Nora, brought into Bridgeport a maneater weighing 450 pounds and 7 feet in length. He said it had attacked a group of bathers at Mattatuck, Long Island.

According to the skipper, Jonathan Briggs, aged 14, of Mattatuck, was first attacked and the shark bit a large piece of flesh out of one of his legs. Other bathers fled, but several men fought off the shark long enough to rescue Briggs.

Wirt was asked to rid the neighborhood of the monster and he organized a hunting party. A shark line baited with pork attracted the fish and it was hooked. It put up a great fight, however, and three bullets were fired into it before its struggles ceased.

BRITISH STRIKE HARD.

Capture Virtually All German Forward Positions East of Belgian Town.

British Front in France and Belgium, Aug. 11.—Field Marshal Sir Douglas Haig's forces at daybreak yesterday morning attacked and captured virtually all the German forward positions east of the Belgian town of Hooge, on the battlefront between Frezenburg and the Ypres-Menin road.

The assaulting forces gained virtually all their objectives to the depth of several hundred yards in the first rush.

The German defenses stiffened after the initial onslaught and heavy fighting developed at some places, but at the latest reports the British were holding their new line strongly.

This section of the front was the scene of some of the hardest fighting on the first day of the battle of Flanders. South of Westhoek the terrain is marshy in places and in the wooded section the Germans had strenthened their positions by constructing deep dugouts. These obstacles, however, did not deter the onward rush of the British troops this morning.

Details of the fighting are not yet available, but it is known that the British troops forged forward in the wake of a protecting barrage from their artillery and achieved most of the objectives in a remarkably short space of time.
